

Hathersage Village Hop 2018 14th-16th September Information.

Accommodation

Good indoor camping in Hathersage Memorial Hall, in a large room, but separate from the main (late evening) dance room, free when you book for the weekend.

Outdoor camping is also available at North Lees Campsite Birley Lane ,Hathersage, Derbyshire, S32 1BR

The Youth Hostel offers very good value beds, especially if you share with friends and sleep 6 to a room. There are offers of room shares, please get in touch with Pat.

Transport

Trains go between Manchester and Sheffield, and the train station is only about 5 minutes walk from the Hall.

Parking

There is parking by the hall, which is reserved first for people with lots of lights, cable, and boxes of food, or with mobility difficulties. We do manage to park about 20 cars, by clever juggling. There are also car parks and some roadside parking places in the village.

The programme

The event is created by you - playing and dancing. Apart from the abundance of experienced musicians, it is an opportunity for people with rather less experience to pluck up the confidence to play for dance. And because it's a small event, dancers who really want to improve their waltz/mazurka/polska/fandango/tango can get a lot of help from more experienced people.

All the food we need for the weekend will be provided, but everyone needs to help prepare the meals, and to clear up, etc

Approximate timetable:

The hall will be open from about 5.00pm on Friday. Supper will be ready at about 7.30 ish onwards, and dancing will start when someone picks up an instrument.

The programme will be fixed by consultation via flip chart on Friday evening. And you can also chill out, walk, sleep, or jam with friends.

Swapfrock and other nonsense

Bring the frocks you've got tired of and take others away (please...). Frock wearers of all genders welcome. Browsing only till the s/f 'shop' is open.. probably after lunch on Saturday.

The inclusive cost is £45 INCLUDING food and indoor camping and swimming (or dry admission) in the heated open air baths next to the hall. There are no concessions as this is already a very low price. (You are welcome to pay more though!!)

Do remember your swimming things and towel. If you want to stay dry you can watch and smile, take photos, go for a walk, or better still, play for the swimmers, in the bandstand.
